

## OBITUARY

**DR. SUDIP DEY**

(28.12. 1971- 30.06.2012)

Dr. Sudip Dey was born at Medinipur town of West Bengal, India. He studied in Medinipur Collegiate School up to Higher Secondary class, and subsequently completed his bachelor degree from Chandernagore Government College. Later he obtained his Masters degree from DAV College, Kanpur under Kanpur University in 1994. He completed his Ph.D. degree from Vidyasagar University, West Bengal, India in 2005 for his research work on “Environmental Problems along Digha-Shankarpur Coastal Tract and their Impact” under the supervision of Prof. G. P. Chattopadhyay. Dr. Dey had received the ‘PROF. N.P. AIYYER YOUNG GEOGRAPHERS AWARD in 2004. His specializations were Coastal Geomorphology, and Tectonic Geomorphology.

Dr. Dey started his professional career as an Asst. Teacher in a Higher Secondary school in 1997. He left the School to join in the Department of Geography, Agartala Women’s College, Tripura as an Asst. Professor on 16<sup>th</sup> January, 2004. In the same year on 3<sup>rd</sup> December he finally joined in the Department of Geography and Disaster Management, Tripura University as a Lecturer and continued in the same post till the end of his life. He was one of the founder members of the Department.

In his short span of life Dr. Dey published 40 research papers in different national and international journals, was carrying out two research projects and became a member of Editorial Board of two reputed journals. He established a GPS Station in

Tripura University in 2012 for monitoring the movement of Indian Plate. This was financed by the Ministry of Earth Sciences, Govt. of India.

Dr Dey was most popular and highly respected teacher of the department. He had keen interest in the field of tectonic geomorphology and for this he used to frequently conduct field sessions along with his students and colleagues. Besides his academics students and colleagues in the department will always remember him

for his interest in music both vocal and instrumental.

His sudden and demise on June 30, 2012 has left all of us in great shock. The vacuum created by his sudden demise is very difficult to fill up.

May his soul rest in peace.

**Dr. Sunil Kumar De,**  
Geography & Disaster Management,  
Tripura University
